

## SS&C HUBWISE SCHEDULE OF CHARGES

### Core Platform Charge

SS&C Hubwise annual platform charges are set in advance and tiered as follows:

Tier	Charge (*1) (*2)
First £249,999.00	0.15%
£249,999.01 to £499,999.00	0.125%
£499,999.01 to £999,999.00	0.1%
£999,999.01 and above	0.05%

\*1 Charges are calculated daily and deducted monthly.

\*2 The Core Platform Charge is applicable to all holdings and cash.

**Cash Interest** – Hubwise has very robust rules concerning Client Money and where it can and cannot be invested. Our number one concern is that our clients' money is always protected and we will never follow high interest rates if, in our opinion, that puts the underlying deposit at unacceptable risk. Client Money deposits are placed with a range of top quality banks and with differing term periods, from overnight to three months. In the event that Hubwise cannot recover any loss of assets resulting from sub-custodian failure, you may be eligible to some compensation under the Financial Services Compensation Scheme.

Net income earned on these deposits is paid to our clients in full every six months, calculated as a blended rate across the accounts being used. Please note that in extreme circumstances interest rates may be negative and/or bank charges may exceed interest earned and be deducted from the deposits.

Please refer to the following sections for any supplementary charges. Charges set out are in addition to the Core Platform Charge as set out above.
